The ICD-9 Diagnostic Codes that are listed here are 2013 Codes. ICD-9 Codes are currently utilized in insurance billing and are applicable until the ICD-10 is released in October, 2014. It is recommended that providers obtain a copy of the DSM-5 at this time. The DSM-5 provides the diagnostic criteria that is applicable to each of the diagnostic categories and it contains both the ICD-9 and ICD-10 codes.
